How Do I enroll my child?

Bug-A-Lugs uses a fantastic online booking and waitlist management program called QK Enrol, which most importantly gives you access to make bookings and complete an online enrolment form for your child, all within a parent portal called My Family Lounge.

Please visit our website www.bug-a-lugs.com.au and click on the "Register for Care" button to access the My Family Lounge portal. Once you have an account with us, we will be sending you a welcome email with your My Family Lounge parent portal log in details. Then you will be able to log in and request bookings for your child at your convenience.

Priority of Access

Enrolments are accepted in line with the Commonwealth Government priority of access guidelines. Please visit [DESE priority access guidelines](#) for more information.

Transporting Children

We are required to transport children from Kyneton Primary School, Our Lady of the Rosary Parish Primary and Saint Ambrose Parish Primary School, as we off OSHC off site to these schools. Children are transported by car, minibus, or Organs Bus. You are required to give us permission to transport your child to their school.

We work closely with the school to ensure no child is left behind. You need to help us by informing your child's school that we will be collecting them, if you are making any last-minute bookings for After School care.

For more information, please talk to our friendly staff.

National Quality Standards

We are proud to have been rated as "Exceeding the NQS" for both of our centers!

For that extra piece of mind, The National Quality Standard sets a benchmark for the quality of all education and care services across Australia. Services are rated by their regulatory authority against the seven areas of the NQS to determine the quality of care being provided.

The process reflects a uniform approach to assessment and reporting across the range of service settings. Ratings promote transparency and accountability and help parents assess the quality of education and care of services available. Every service receives a rating for each quality area and an overall rating. There are four rating levels within the national quality rating with Exceeding being the highest rating.
